

Assemblymember Juan Arambula Legislative Internship Program

OVERVIEW

One of the best ways to understand the inner workings of our state government is through a State Assembly internship program. We need bright, motivated individuals to participate and make a difference working on a variety of important projects in the district office.

BENEFITS

Although unpaid, interns receive important benefits as participants in the program. Opportunities to gain behind-the-scenes experience, meet high-profile political figures, and receive letters of recommendation are just a few of the many benefits of this prestigious program.

ELIGIBILITY

Bilingual abilities are a plus. Assemblymember Arambula's internship program runs on a contract basis with the length of the internship determined before it commences.

FOR MORE INFORMATION ON APPLYING

Please contact Joan Conway, District Director, at (559) 445-5532 for an application.
